

Aluminum-PVC windows.

Aluminum and PVC carpentry for farms

Description

Aluminum-PVC windows for pig farming.

The aluminum-PVC windows are the perfect enclosure for maternity halls, gestation halls etc.

They are mixed windows with frame made out of PVC profiles and sheet made of aluminum which gives rigidity to the structure.

Usual standard sizes (cm WxHE): 100x60, 100x100, 120x60, 120x80, 150x80
